Project Details

The project involves the construction of a new 2 Storey classroom block including 7 classrooms, a resource room, associated WC's, circulation and plant rooms together with a new build extension to existing kitchen and main hall with new car parking and covered cycle store.

Works carried out so far

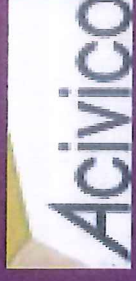

- Steel frame to the hall is now complete.
- Scaffolding to the hall extension is now complete.
- Roof to hall extension is also now complete, please see pictures.

What's coming up

- Internal walls to hall extension will commence this week.
- Foundation works to the main build will commence next month.
- Utilities service trench to be excavated over the school half term period.

Upcoming deliveries

- Steel reinforcement for foundations.
- Plasterboard for hall extension.
- Plant Machinery.
- Excavated material taken off site.
